Subject: RE: ACTION REQUIRED: Sen. Blunt has requested a tour of the West Lake Landfill Site and the Bridgeton Landfill

From Sen. Blunt's staff:

The Senator would like a short briefing on the history of the Landfill and he visually needs to see where everything is laid out and the distance between the fire and the radioactive waste. Of course, we will want to see where the "trench" testing is located. I think we know where the sonic testing is located as there is a big machine on the front side of the West Lake Landfill but would like to see a confirmation.

Subject: ACTION REQUIRED: Sen. Blunt has requested a tour of the West Lake Landfill Site and the Bridgeton Landfill
Importance: High

Hi Karl,

I have been contacted by Sen. Blunt's office stating that he has requested a tour of the West Lake Landfill Site and the Bridgeton Landfill, on Thursday, January 23, 2014.

Sen. Blunt has requested that EPA lead the tours and his office may invite MDNR and Republic to participate as well.

Sen. Blunt has also requested that this tour be:

1. Kept private

2. No public remarks made

3. No press invited or notified

Sen. Blunt's office will contact me within the next day or so with a proposed time for the tour and any additional details.

LaTonya E. Sanders
